**Air Range – Thursday 6 pm & Saturday when Range open.**

**Plates Range – Anytime range is open**

**NOTE:** We cannot guarantee that a Range Officer will be on the range on the stated days or times. Normally you will be advised via club email if there is NO R.O. AVAILABLE.

“Full Action Match” means the 4 elements that make up an Action Match will be conducted in sequence like a formal competition. Members wanting to shoot Action (including beginners) should participate in this match.

No matches will be conducted on a Working Bee day until all jobs are finished. Additional working bee days may be set by the committee as required to keep our facilities in good order and to prepare for competitions.
